

BRAKLUBE PRO

Technical Data Sheet

Product name: Braklube Pro
Sales code: 32719

Creation date: 8/2016

Version: I

1: General description

Metal free. Keeps critical parts free for optimum braking efficiency. Also for aluminum parts. Prevents corrosion. Resists water and high temperature. Will not run off callipers and drum brake systems. Do not use on rotors and friction side of brake pads.

2: Features

- Excellent water resistance
- Functional over a wide temperature range
- High temperature resistance
- Non corrosive
- Non conductive
- Does not run or drip off
- Safe on all metal surfaces, does not stain
- Safe on most rubbers, plastics and coatings. Test on sensitive or stressed materials before use

3: Applications

To lubricate moving parts at brakes, when assembling, installing or rebuilding.

4: Directions

- Apply to a clean, dry surface
- Apply a thin even film
- Be careful not to apply Braklube Pro on the brake disc (rotor) or the friction surface of the brake pads
- To remove residues or excess product, use Power Clean Pro
- A safety data sheet (MSDS) according to EC Regulation N° 1907/2006 Art.31 and amendments is available for all CRC products.

5: Typical product data (without propellant)

- Appearance : paste
- Color : amber
- Odour : Characteristic odor
- Density : 0.823 g/cm³ (@ 20°C)
- Flash Point : < 0 °C
- Operating temperature active product : -30 --> +240 °C
- NLGI class : 2

6: Packaging

Aerosol

12x250 ML

7: Remarks

Be careful not to apply Braklube Pro on the brake disc (rotor) or the friction surface of the brake pads.

All statements in this publication are based on service experience and/or laboratory testing. Because of the wide variety of equipment and conditions and the unpredictable human factors involved, we recommend that our products be tested on-the-job prior to use. All information is given in good faith but without warranty neither expressed nor implied.

This Technical Data Sheet may already have been revised as a result of a change in legislation, availability of components or newly acquired experiences. The latest and only valid version of this Technical Data Sheet will be sent to you upon simple request or can be found on our website: www.crcind.com We recommend that you register on our website for this product, thus enabling you to automatically receive any future updates.
